

# Brendan Lendino

Haledon, NJ •

## Professional Summary

---

On-site IT Technician supporting small and mid-sized business environments through a Managed Service Provider since 2022. Specializes in field troubleshooting and deployment of Windows/macOS workstations, peripherals, and SMB networking. Practical, hands-on problem solver with a strong security mindset.

## Experience

---

IT Technician | TechFox, Woodland Park, NJ | Aug 2022 - Present

- Provide on-site support for Windows/macOS workstations, printers/MFPs, VoIP, and LAN/Wi-Fi.
- Deploy and refresh PCs: imaging, domain join, data migration, and updates.
- Install and configure endpoint hardware and SOHO networking gear; patch and harden endpoints.
- Troubleshoot TCP/IP, DNS, DHCP, and Wi-Fi issues; remediate performance and malware problems.
- Stage and inventory equipment for client rollouts; deliver clear on-site status updates.
